[Inquiry](#)

Manufacturer: [STMicroelectronics, Inc](#)

Package/Case: TO-252

Product Type: Thyristors

Lifecycle: Active

General Description

This Power MOSFET series realized with STMicroelectronics unique STRipFET process has specifically been designed to minimize input capacitance and gate charge. It is intended for any application with low gate charge drive requirements.

Key Features

Exceptional dv/dt capability

100% avalanche tested

Application oriented characterization
