

Single Transmitter/Receiver RS-422/RS-485 8-Pin SOIC N

Images are for reference only

[Inquiry](#)

Manufacturer: [MaxLinear, Inc](#)

Package/Case: SOP8

Product Type: Drivers

RoHS: RoHS Compliant/Lead free 

Lifecycle: Active

General Description

Key Features

Advanced receiver-failsafe protection for open, shorted or terminated lines

Very low load for 8x greater fan-out

Hot swap glitch protection RE and DE

Thermal shutdown protects against driver contention

Up to 256 Transceivers may share bus
